2. Suff'ring world, so many lonely people,
seeking peace, looking for home.
Wounded healers, sharing all our burdens
on this journey we all roam.

Chorus:

We are one, Christ's broken body,
healed by love, through grace alone.
We are one, though many members,
serving others, we are waiting for the dawn.

3. Even though we walk through darkened valleys,
He will lead and show the way.
Sharing bread and wine around the Table,
taste and see the Lord's new day.

Chorus:

We are one, Christ's broken body,
healed by love, through grace alone.
We are one, though many members,
serving others, we are waiting for the dawn.
